## 4.4 Follow up of 2006 Activities

A new tool enabling WGs to better communicate has been implemented :

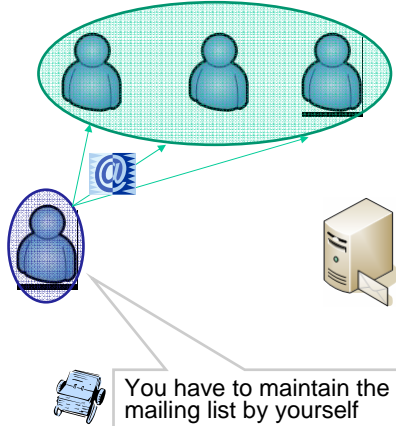

mailing list + ftp

## Website – Mailing list

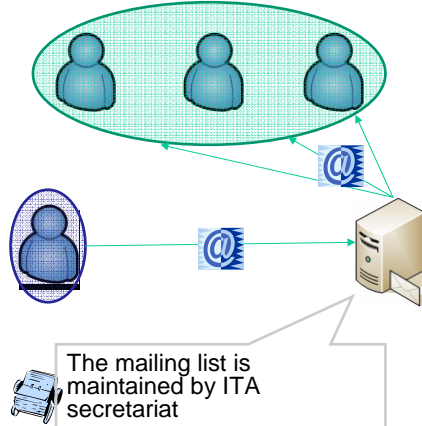

### Past Situation

To communicate inside the group you had to know each e-mail address and to send an e-mail to everyone.

### Current Situation

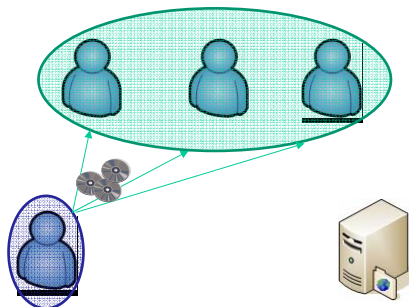

To communicate inside the group you only need to send one e-mail to the address [exco@ita-aites.org](mailto:exco@ita-aites.org)

## Website - FTP

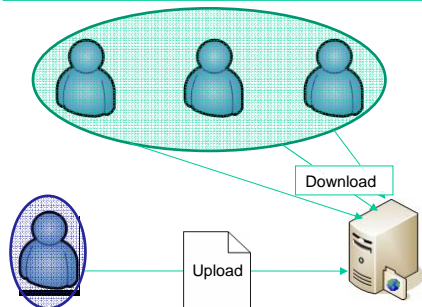

### Past situation

To transfer a large file (more 20 Mo) you have to send a CD to everyone.

### Current Situation

You will be able to upload large file on ITA-FTP Server and every member can download it.

## 4.4 Follow up of 2006 Activities

- The new part « Underground Worlwide » is under developing (including videos). A specific homepage has been done, the tree structure of this part and a new navigation tool have been set up; the introductory pages have been written ([link](#))
